

BC EVOLUTIONS CONSULTING

BUSINESS SERVICES

GET MORE CONTROL OVER YOUR BUSINESS FUTURE

Business Mentoring

Engage a professional Business Advisor. Share ideas, leverage expertise, objective insight and hands-on support to get things accomplished...when you need it most.

Organizational Development

Leverage the power of an engaged workforce to gain competitive edge. Build a Talent Management Plan that will help you retain your best employees & fill future vacancies.

Business Assessments

To understand where your business is going in the future, it's imperative you know what is happening today. Uncover strengths, weaknesses, opportunities and threats.

Competitive Scorecards

Identify your most significant competitors. Stay in tune with their business, customers and services. Anticipate opportunities to create advantage and take market-share.

Strategic Goal Setting & Planning

Establish an effective goal setting & planning process and habits. Deliver achievable objectives. Allocate time & resource to most important goals. Control issue resolution process.

Strategy Execution

Monitor progress, build contingency plans and remove barriers. Accomplish tasks that achieve the short term goals that will get you much closer to longer term results.

Customer & Marketing Strategies

Without customers a company would cease to exist. Uncover what will make customer buy from you over your competition. Increase ROI of your marketing.

Channel Strategies

Increase customer reach, service & competitive value. Leverage partnerships. Deliver high impact reseller programs.

Supply Strategies

Get better supplier terms, increase supply margins, lower inventory risk, and drive competitive pricing strategies.
